PREVENTATIVE MAINTENANCE AGREEMENT

PREVENTATIVE MAINTENANCE IS NOT A WARRANTY.

ALL FACTORY WARRANTIES WILL BE VOIDED BY THE MANUFACTURER WITHOUT PROPER MAINTENANCE

TERMS: J&M Electrical agrees to provide the maintenance services described on the Maintenance Checklist (*) for the period commencing upon payment of the charges set forth below. This Agreement covers only routine maintenance services specified on the J&M Electrical Maintenance Checklist. (*Please see attached checklist of the services we perform during the visit.)

All required Parts and additional labor not covered by Manufacturer's warranty will be supplied at an additional cost, such as battery replacement which is done at least every 3 years or as needed. Any non-warranty repairs will not be done without prior customer approval.

All work will comply with manufacturer's guidelines and be performed in a professional manner and J&M Electrical agrees to correct any non-conforming services provided hereunder promptly. J&M Electrical disclaims all other warranties, express or implied. Customer agrees that in no event shall J&M Electrical be liable for indirect, consequential, special, exemplary or incidental damages of any kind arising out of this Agreement.

Owner's responsibility shall be to listen for weekly test and to maintain fluid levels between service trips. Any trips from J&M Electrical other than the trip per year as specified in this agreement shall be an extra charge, unless covered by factory warranty. J&M will replace the battery if needed during a scheduled maintenance trip for an additional cost of \$100. J&M Electrical Services reserves the right to refuse service agreements to anyone at their discretion. This agreement is non-transferable.

ANY EXTENDED FACTORY WARRANTIES MAY BE VOIDED AT THE MANUFACTURERS DISCRETION WITHOUT PROPER FACTORY AUTHORIZED MAINTENANCE ON YOUR AIR-COOLED GENERATOR.

___ \$ 450 (2 years) one visit per year for 2 years. Installed by J&M Electrical

___ \$ 250 (1 year) one visit for one year. Installed by J&M Electrical

___ \$ 500 (2 years) one visit per year for 2 years. Generator NOT installed by J&M Electrical

___ \$ 275 (1 year) one visit for one year. Generator NOT installed by J&M Electrical

___ \$ 25 ADDITIONAL FEE per visit during normal business hours if you require a phone call to set up a scheduled appointment. (The generator is outside of the home and does not require the homeowner to be present.)

MAINTENANCE CHECKLIST

	(1) Tune-up	COMMENTS :
FUEL SYSTEM		
Fuel Lines and connections	Inspect	
Flexible Fuel Line	Inspect	
ENGINE AND LUBRICATION		
Oil Level (10 - 30 synthetic)	Change	
Oil Filter	Change	
Air cleaner***	Change	
Spark plugs(s)***	Change	
Apply corrosion inhibiting spray	As needed	
GENERAL CONDITION		
Vibration, noise, leakage, temp	Inspect	
BATTERY		
Remove corrosion, ensure dryness	As needed	
Clean and tighten battery terminals	As needed	
Check charge state	Test	
Electrolyte level***	Add as needed	
BATTERY CABLE		
Remove corrosion, clean & tighten	As needed	
OUTSIDE ENCLOSURE		
Wipe down unit	Perform	
COOLING		
Enclosure louvers	Inspect/Clean	
Coolant	If applicable	
Air flow clearances	Inspect	
EXTERNAL CONNECTION BOX		
Tighten terminals	As needed	
Check for proper operation	Perform	
Check control wiring connection	Perform	
ELECTRICAL SYSTEMS		
No load output voltage	Test	
Line to line - 240volts	Test	
Line to neutral - 120volts	Test	
Line to ground - 120volts	Test	
Grounding conductor	Inspect	
Earth ground	If applicable	
DC control fuse	Inspect	
Battery charger	Test	
Auto/off/manual switch	Inspect	
Conduit	Inspect	

***replace as necessary
